BRIJUNI

Da li ste ikad u svojoj golferskoj karijeri igrali golf u društvu jelena, muflona, zečeva i paunova? Da li ste ikad putt-ali na pješčanim greenovima? Ukoliko želite jedan sasvim novi doživljaj igranja golfa, Brijunsko igralište mora biti vaše slijedeće odredište. Sve što moderan golfer zahtjeva od igrališta ovo mu igralište pruža. Strategija igre, upotreba svih vrsta palica i udaraca, izazovi...

Igranje golfa na Brijunima vezano je za ime tadašnjeg vlasnika otoka Karla Kupelwiesera, koji nije žalio truda i sredstava da dvadesetih godina prošlog stoljeća podigne jedno od najvećih golf igrališta u Europi.

Na igralištu su izvršene 4 preinake da bi 1932./1933. radovi bili povjereni vrhunskim engleskim i američkim golf arhitektima poput mr. Tom Simpsona i mr. George Thomasa. Reklamirano je kao jedno od najboljih te krajobrazno najljepših igrališta na kojem je zahvaljujući blagoj klimi moguća igra tijekom cijele godine. U to vrijeme Brijuni su bili okupljalište europske i svjetske aristokracije. Tu su igrali igrači svih klasa, od početnika, vrsnih majstora, do šampiona iz svih zemalja svijeta. Sadašnje igralište s 18 rupa, obnovljeno je po uzoru na ono iz tridesetih godina, kako bi se na njemu ponovno okupljala svjetska golf elita.

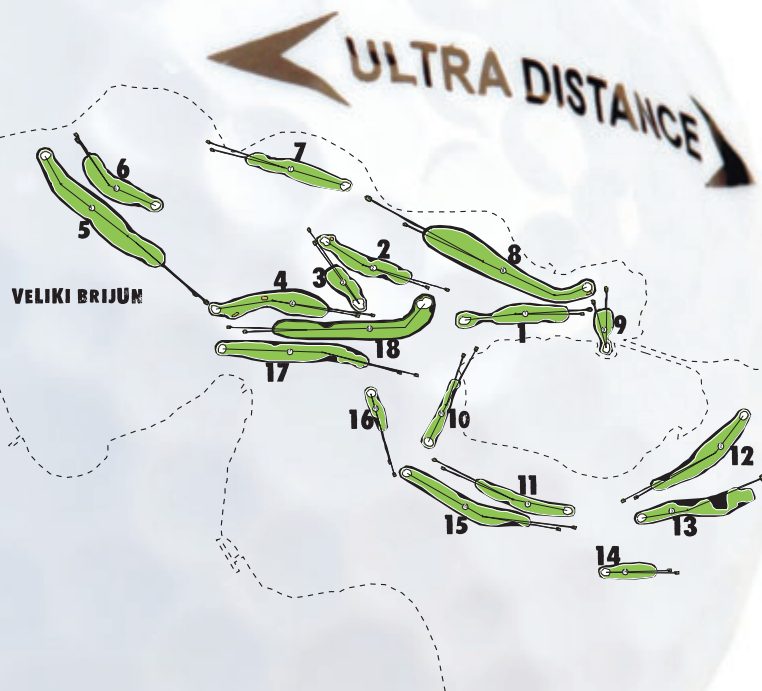

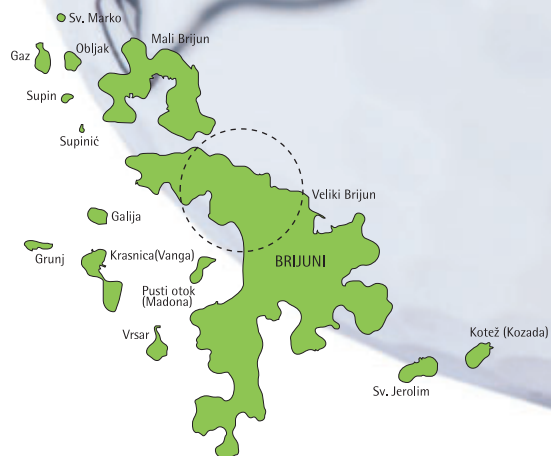

Have you ever in your golfing career played in the company of deer, mouflons, hares, and peacocks? Have you ever putted on sand greens? If you want to have a completely different experience of playing golf, the Brijuni golf court must be your next destination. The court has everything a modern golfer demands. The strategy of game, the use of all kinds of golf-clubs and shots, the challenge...

Playing golf on Brijuni is closely related to the first owner of the island Karl Kupelwieser, who did not spare his effort and resources to construct one of the largest golf courts in Europe in the 1920s.

Four alterations were made on the court, and in 1932-1933 the works were entrusted to top English and American golf architects such as Mr. Tom Simpson and Mr. George Thomas. It was advertised as one of the best courts with the most beautiful landscape and a possibility of playing golf year round thanks to its mild climate. At the time, Brijuni used to be the meeting place of European and world aristocracy. All kinds of players played there, ranging from the beginners, true golf masters to champions from all around the world. The present 18-hole court, renovated following the model of the one of the 1930s is intended for the world golfing elite to gather there again.
